Author Correction: Increasing heat and rainfall extremes now far outside the historical climate

Alexander Robinson , Jascha Lehmann , David Barriopedro , Stefan Rahmstorf  and Dim Coumou 

npj Climate and Atmospheric Science (2021)4:51 ; <https://doi.org/10.1038/s41612-021-00212-8>

Correction to: *npj Climate and Atmospheric Science* <https://doi.org/10.1038/s41612-021-00202-w>, published online 5 October 2021

The original version of this Article contained two typographic errors in the subsection 'Precipitation analysis' under 'Methods'.

The fifth sentence contained a typo and originally read 'To quantify how much the observed number of rainfall-records (R_{anom}) deviates...'. The correct version reads 'To quantify how much the observed number of rainfall-records (R_{obs}) deviates...'.

The sixth sentence incorrectly omitted the authors of ref 13 and originally read '...using the shuffling method as described in detail in¹³'. The correct version reads '...using the shuffling method as described in detail by Lehmann et al.¹³'.

This has now been corrected in both the PDF and HTML versions of the Article.
